**Sumitomo Chemical Announces Reorganization (Restructuring of Sectors)**

Sumitomo Chemical has announced that, effective October 1, 2024, the Company will change its organization as outlined below.

**1. Overview**

Sumitomo Chemical will reorganize its business sectors into the following four new sectors, aligning its business areas with the societal issues of food, ICT, healthcare, and the environment:

- Agro & Life Solutions Sector
- ICT & Mobility Solutions Sector
- Advanced Medical Solutions Sector
- Essential & Green Materials Sector

**2. The Agro & Life Solutions Sector and the Advanced Medical Solutions Sector**

The Advanced Medical Solutions Sector will be established to take charge of advanced medical and healthcare solutions businesses. The Pharma Solutions business and related research topics will be spun out of the Health & Crop Sciences Sector to be incorporated into the Advanced Medical Solutions Sector. In addition, the Agro & Life Solutions Sector will be established to take charge of the businesses of the Health & Crop Sciences Sector excluding the Pharma Solutions.

**3. The ICT & Mobility Solutions Sector**

To promote further growth in its ICT- and mobility-related businesses, Sumitomo Chemical will establish the ICT & Mobility Solutions Sector. This new sector will take charge of the businesses of the IT-related Chemicals Sector and the high-purity aluminum and alumina, Specialty Chemicals, High-Performance Engineering Plastics, and Battery Materials businesses of the Energy & Functional Materials Sector. At the same time, to optimize the management structure, the high-purity aluminum and alumina business will be integrated with the compound semiconductor business, and become the Advanced Inorganic Products Division. The Specialty Chemicals business and the High-Performance Engineering Plastics business will also be integrated and become the Advanced Materials Division.

**4. The Essential & Green Materials Sector**

To promote its shift to a business model with reduced environmental impact, the Company will establish the Essential & Green Materials Sector. This new sector will take charge of the businesses of the Essential Chemicals & Plastics Sector and the industrial aluminum and alumina and Functional Polymers businesses of the Energy & Functional Materials Sector.

**5. The Organizations Overseen by Each Sector**

The organizations each sector will oversee after this reorganization and their names are as follows.

\* Renamed organizations, newly established organizations, or organizations transferred across sectors are indicated in red.

■ **Agro & Life Solutions Sector**

Planning & Coordination Office, Agro & Life Solutions Sector

Quality Assurance Office, Agro & Life Solutions Sector

AgroSolutions Division – Japan

Business Planning & Administration Dept.

Marketing Dept.

Sales Dept.

Rice Business Dept.

Product Supply Management Dept.

AgroSolutions Division – International

Business Planning & Administration Dept.

Marketing Dept.

Registration & Regulatory Affairs Dept.

Environmental Health Division

Business Planning & Administration Dept.

Custom Solution Marketing Dept.

Branded Products Marketing Dept.

Regulatory Affairs & Chemical Safety Dept.

Animal Nutrition Division

Business Planning & Administration Dept.

Marketing Dept.

Oita Works

Misawa Works

Ehime Works (Agro & Life Solutions Sector)

Osaka Works (Agro & Life Solutions Sector)

Agro & Life Solutions Research Laboratory

■ **ICT & Mobility Solutions Sector**

Planning & Coordination Office, ICT & Mobility Solutions Sector

Quality Assurance Office, ICT & Mobility Solutions Sector

Optical Materials Quality Assurance Dept.

Electronic Materials Quality Assurance Dept.

Battery Materials Quality Assurance Dept.

Optical Materials Division

Administration Dept.

Global Marketing Dept.

Global Technology Planning Dept.

Electronic Materials Division

Business Planning & Administration Dept.

No.1 Global Marketing Dept.

No.2 Global Marketing Dept.

Supply Chain Management Dept.

Advanced Materials Sales Dept.

Advanced Inorganic Products Division

Business Planning & Administration Dept.

SCIOCS Dept.

High-Purity Materials Dept.

Advanced Materials Division

Business Planning & Administration Dept.

Specialty Chemicals Dept.

Performance Chemicals Dept.  
High-Performance Engineering Plastics Dept.  
Battery Materials Division  
Battery Materials Dept.  
Osaka Works  
Ohe Works  
Ibaraki Works  
Oita Works(ICT & Mobility Solutions Sector)  
Ehime Works (ICT & Mobility Solutions Sector)  
Chiba Works (ICT & Mobility Solutions Sector)  
ICT & Mobility Solutions Research Laboratory

■ **Advanced Medical Solutions Sector**

Planning & Coordination Office, Advanced Medical Solutions Sector  
Quality & Regulatory Compliance Office, Advanced Medical Solutions Sector  
Pharma Solutions Division  
Business Operation & Administration Dept.  
Small Molecule APIs & Intermediates Dept.  
Oligonucleotide APIs Dept.  
Oita Works(Advanced Medical Solutions Sector)  
Ehime Works (Advanced Medical Solutions Sector)  
Advanced Medical Solutions Research Laboratory

■ **Essential & Green Materials Sector**

Planning & Coordination Office, Essential & Green Materials Sector  
Planning & Coordination Office, Rabigh Business  
Responsible Care Dept, Essential & Green Materials Sector  
Essential Materials Division  
Business Planning & Administration Dept.  
Industrial Chemicals Dept.  
Organic Chemicals Dept.  
Alumina Products Dept.  
Aluminium Dept.  
Resin-related Business Development Dept.  
Polyolefins Division  
Business Planning & Administration Dept.  
No.1 Sales Dept.  
No.2 Sales Dept.  
Functional Polymers Dept.  
Automotive Materials Division  
Sales & Marketing Dept.  
Business Planning & Administration Dept.  
MMA Division  
Business Planning & Administration Dept.  
Marketing Dept.  
Ehime Works  
Chiba Works  
Essential & Green Materials Research Laboratory
